

**RE: APPOINTMENT OF ACTING PRESIDENT**

**15/12/2020**

Revolutionary Greetings,

I would like to appreciate and recognize invaluable contributions of those who have supported the movement this year and helped solidify our agenda for United States of Africa.

Global Pan Africanism Network is quickly transforming into a formidable force for African liberation in spite of little support we have received.

This year has been really successful for GPAN and we some of the projects we have accomplished include the African Business Month and Zumaridi Video conferencing platform which is expected to be launched early in 2021.

I would like to notify all our members and followers that from this day I will begin my holiday until 6<sup>th</sup> of January 2021.

On this regard I am glad to announce that there being no Vice president in GPAN, by Presidential decree on this day Mrs Lilian Debra (GPAN UK Country Representative) will assume office as acting President until my return.

I honored by the support you have accorded United States of Africa and for believing in us.

I would like to take this opportunity to extend my warmest revolutionary wishes for Kwanzaa festivities, for those who will be celebrating Christmas and a Happy New Year 2021!

Regards,

Daniel Mwambonu

The President

Global Pan Africanism Network
